

Bring Your Own Device (BYOD) Checklist

It is strongly recommended that you:

- provide a laptop protective case for your child's device
- regularly back-up school work to an alternative device

The details provided on this page have been obtained from the College website <http://helpdesk.monivae.vic.edu.au/selfhelp/byod>

The purpose of this page is to provide a general overview of Monivae Colleges' minimum hardware and software requirements for your child's device.¹

Minimum hardware requirements²

Processor: 2 GHz CPU
Memory: 4 Gb of RAM
Storage: 120GB internal storage drive
Connectivity: A wireless network connection supporting B/G or B/G/N
Security: A commercially supported antivirus application

Supported operating systems

Windows 11 Pro

Windows 11 in S mode

Windows 11 in S mode is not supported, please visit:

<https://helpdesk.monivae.vic.edu.au/selfhelp/byod/win-supported#windows-10>

Mac running OS X 14 (Sonoma) and above

iPad running iOS 16 and above

iPad has specific limitations in comparison to a traditional computer. Please ask your IT vendor about limitations of iPad.

Office Suite

Microsoft Office 365 is supplied by the College by way of an Office 365 subscription which allows students to download the full versions of the Microsoft Office suite for Windows, macOS and iOS. Students will be provided a username and password which gives them the ability to download the Office Suite at school.

Multimedia Applications

[These are option applications. Most are available from the downloads section of the helpdesk. This list is updated regularly.]

Windows Movie Maker and Photo Gallery [Free download]

VLC [Free download]

Click View [Free download]

GIMP [Free download]

Audacity [Free download]

Stellarium [Free download]

Geogebra [Free download]

FreeMind [Free download]

Security

The following is a list of some of the recommended security software packages.

Sophos For Home [Free for Home use]

Windows Security Essentials [Free for Windows]

Avast [Free]

AVG Free [Free]

ESET

Clam AntiVirus [Free for Windows]

Total Defence

Norton

McAfee

[Only one security suite is recommended to be installed at a time. Installing multiple security suits could harm your system.]
