Years 11 & 12:

VCE English:

VCE English focuses on how English language is used to create meaning in written, spoken and multimodal texts of varying complexity.

Literary texts selected for study are drawn from the past and present, from Australia and other cultures. Other texts are selected for analysis and presentation of argument.

The study is intended to meet the needs of students with a wide range of expectations and aspirations, including those for whom English is an additional language.

VCE Literature:

VCE Literature focuses on the meaning derived from texts, the relationship between texts, the contexts in which texts are produced and read, and the experiences the reader brings to texts.

In VCE Literature students undertake close reading of texts and analyse how language and literary elements and techniques function within a text. Literature enables students to examine the historical and cultural contexts within which both readers and texts are situated.
