

Learning Enrichment and Extension Program (LEEP)

LEEP empowers Year 7 students to become curious, confident thinkers through enrichment activities – fostering self-regulation, collaboration, and resilience. LEEP isn't just about what students learn – it's about how they learn, grow, and lead their own educational journey.

What is LEEP?

The Learning Enrichment and Extension Program (LEEP) provides Year 7 students with opportunities to:

- Develop critical thinking, creativity, and problem-solving skills.
- Engage in enrichment activities beyond the standard curriculum.
- Collaborate with like-minded peers.
- Embrace challenges and learn from setbacks.

Who Should Apply?

Ideal candidates are students who:

- Are entering Year 7 at Monivae College in 2027.
- Demonstrate learner agency by setting goals and reflecting on progress.
- Exhibit curiosity through asking questions, pursuing independent inquiry, and exploring new ideas.
- Show resilience by persisting when tasks become challenging and learning from setbacks.
- Work constructively with peers, sharing responsibility, and contributing positively to the wider Monivae College community.

Selection Process

1. **Testing** – week of November 16, 2026. Times in link.
2. **Principal Interview** – As part of the standard enrolment procedure.

How to Apply

Tick LEEP program on the testing link.
