STRATEGIC DIRECTION 2022-2028

After consulting with the community, families, staff and students, and gaining approval from the Monivae College Board, I am pleased to present the Monivae College Strategic Direction 2022 – 2028.

This guiding document aims to shape the already bright future for Monivae College. Our commitment to our foundational MSC values, layered with the latest innovation in education and the importance of maintaining a strong sustainable base to build upon, have been the guiding principles when developing this document.

I assure you that we are committed to refreshing the Strategic Direction annually, to ensure we remain focussed on its success. In turn, the success of our students relies on the growth and evolution of any future focussed work.
